

GIOVANI

This fabric is made in Italy, at a mill that has passed down through several generations. There is a substantial difference in the quality of Italian spinning, weaving, and finishing compared to Asian and Indian fabrics. Our Italian fabrics will remain colourfast, beautiful, and sensuous to the touch far longer than others.

The thread in these fabrics has been spun entirely from pure 100% Giza Egyptian Cotton. No other cotton types have been spun into these wonderful fabrics. (Please note that some "Egyptian Cottons" have only a small percentage of Egyptian cotton content). Giza is the finest of all the different types of Egyptian Cottons.

410 Strand Count (2 Ply/205 Thread Count) Giza Egyptian Cotton made in Italy

Colours: Bristol, Ivory, Sable, White

This cotton is completely machine washable and dryable

Made with Bordon Stitch Borders (a triple raised ribbed border)
