## EQUINOX

FALL / WINTER COLLECTION 2023

## TRANQUIL, NEUTRAL HARMONY

As seasons change, we find ourselves wrapped in the tranquility of autumn's neutrals, a transition into winter's majestic whites and caramels, and celebratory metallics of the coming festivities. Equinox is the culmination of all these senses crossing the celestial equator of change.

Calm, comfortable and chic. Create a sanctuary of mixed metals, textured neutrals, graceful cobalt and rustic hues, intertwined with geometrics and subtle abstract patterns, sure to compliment your design aesthetic. Equinox will catch the autumn light and dance with soft gentle curves, boastful prints and artisanal jacquards. Our selected duvets will warm not only your heart, but your sense of space, finishing with an understated elegantly curated collection of luxurious throws and cushions.

From loom to your home, Equinox brings an element of serenity and sophistication this season that radiates warmth and energy. Dive into bed and let timeless design inspire you.

# EURO TWIN

## A PERSONAL DUVET

In colder months, the tug-o-war in a shared bed is inevitable. We were inspired by Scandinavian sleepers, who realized that sleep is non-negotiable and two individual duvets result in better sound sleep. With this in mind, we developed our Euro Twin size ensuring nothing (or no one) gets in between you and your snug and cozy slumber.
